CARRELAGE

XXXL

En nous éloignant du minimalisme et en accordant une attention spéciale au rôle que joue la force géologique, le design d'intérieurs parvient à créer une tendance qui ne laisse personne indifférent : Dramatic interior. Un mouvement, principalement influencé par le néoclassicisme, qui insuffle l'élan pour projeter des espaces dans lesquels les marbres et les pierres naturelles ont le premier rôle. Dans cette tendance, les carrières de marbre les plus prestigieuses du monde inspirent et donnent naissance à des designs marbre avec des coupes sophistiquées et des couleurs exubérantes qui, associés à des pierres précieuses, font de ces carreaux le centre d'attention de tous les regards dans n'importe quelle pièce.

De plus, en évoquant le luxe et l'élégance, la décoration d'intérieur crée des espaces où abondent mise en scène et charge dramatique tandis que les avancées technologiques et les designs avec granilla (émail en grain) permettent à la céramique de reconquérir le monde de la décoration et du design d'intérieurs contemporain.

Ses effets de veinure, ses nuances chromatiques et ses effets brillants donnent naissance à huit séries, et qui définit de façon notoire la tendance dont nous venons de parler.

De grands designs avec d'excellentes prestations techniques qui permettent de créer des impacts visuels et des jeux chromatiques dans n'importe quelle pièce en donnant le rôle principal aux carrelages de sol ou de mur.

Shifting the focus from minimalism to mighty force of geology makes for an interior design trend guaranteed to get heads turning. Dramatic interior is a trend with an essentially neoclassical influence, inspiring spaces with natural marble and stone effects. Stone hewn from the world's most prestigious quarries are the origins of this trend, characterised by marble effect designs featuring sophisticated patterns and bright and beautiful colours which, together with the precious stone effects, will become the focal point of any room.

In an evocation of luxury and elegance, interior design creates dramatically theatrical spaces, applying state-of-the-art technologies and designs with granilla (a granular glaze) to reposition ceramic tiles at the forefront of contemporary interior design and decoration.

Subtle shading, veining and glossy effects are the hallmarks of seven series that together form a collection, the quintessence of the trend defined above.

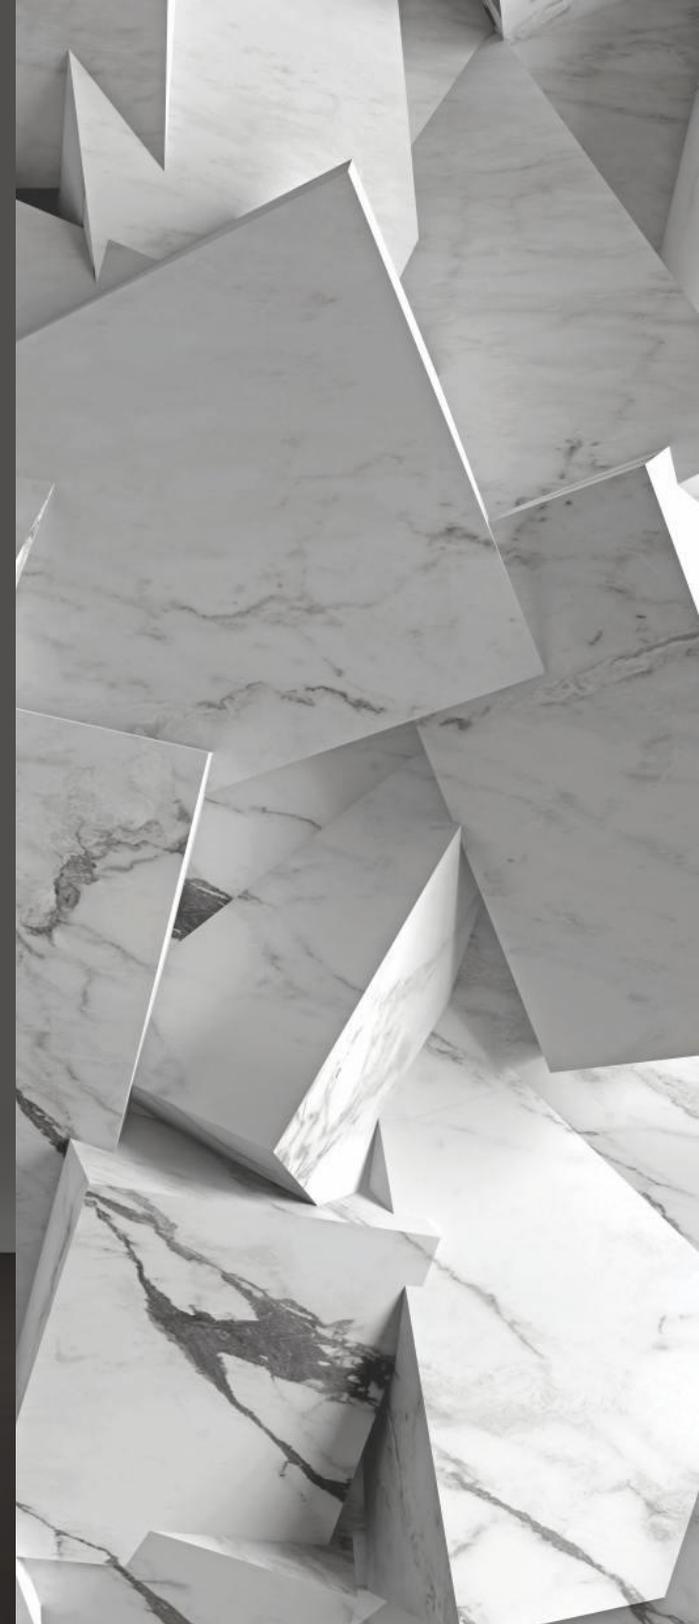

Superb designs combined with cutting-edge technical features that together allow for stunning visual impacts and clever plays on colour that will look fabulous in any room where wall or floor tiles are a core decorative element.

PUISSANCE ET ÉLÉGANCE

Des veinures dorées et couleur terre sont mises en valeur sur un fond sombre couleur cacao et donnent naissance à Laurants, une série qui reproduit le marbre classique Saint Laurent, idéal pour créer un centre d'attention au sein des intérieurs les plus exigeants.

EMPOWERED AND ELEGANT

Earth tone and golden veining stand out against a dark cacao background in Laurants, a series reminiscent of the classic Saint Laurent marble, just the thing for creating a focal point in very special interiors.

NEBULA

SKYLINE WHITE

Un design qui rappelle les dunes désertiques dans des tons café sur un fond blanc crème. Nebula recrée le singulier marbre Skyline White, où se détache la singularité de ses veines allongées et estompées dans un mouvement perpétuel.

SKYLINE WHITE

With a design evocative of coffee-coloured desert dunes on a creamy white background, Nebula recreates all the beauty of Skyline White, a highly distinctive marble with unusual long, blurred veins in an apparent state of perpetual movement.

CELLINI

120x260cm

✂ 6 mm

DESIGN DOUX ET DIFFÉRENT

Cellini, un hommage au marbre classique des Alpes apuanes, habituellement constitué de veines fruits d'une abondante concentration de phyllosilicates. Des veines fines et parallèles dans différents tons gris, qui se détachent sur un fond blanc pur. Un design doux et différent.

DISTINCTIVE GENTLE-LOOKING DESIGN

Cellini is a tribute to classic Calacatta Statuary marble, whose surface is normally shot with thick veins due to its large concentrations of phyllosilicate minerals. Accompanying slender parallel veins in different shades of grey stand out against a dazzling white background, lending it a distinctive gentle-looking design.

PISA

120x260cm

✕ 6 mm

THE ESSENCE OF 'CALACATTA' MARBLE

This series' exclusive strong-veined bold design is inspired by timeless classical Macchia Vecchia marble. Pisa comes in a unique combination of colours, with an offwhite background covered in fine grey veins, charmingly streaked with amber and gold.

ESSENCE DE 'CALACATTA'

Le design exclusif de ses veinures fortes et audacieuses puise son inspiration dans le marbre Macchia Vecchia, classique et immuable. Pisa présente un chromatisme particulier, avec un blanc cassé et de fines veinures grises mises en valeur par le charme de ses tonalités ambre et dorées..

LUX DEVA

120x260cm

✕ 6 mm

L'OBSCURITÉ DE LA NUIT

Deva est l'obscurité de la nuit, un fond noir éclairé par de radiantes veines blanches. Un marbre noble et élégant né dans les carrières du Pays basque. Deva reproduit le noir Marquina et met en avant tous les mélanges de calcite blanche et de fossiles propres à ce design si spectaculaire.

DARKNESS OF NIGHT

Deva conjures up the darkness of night, with a black background lit up by radiant white veins. All the beauty of black Marquina marble, a fine-quality elegant stone quarried in the Basque Country, has been carefully reproduced, highlighting the mixes of white calcite and fossils found in its spectacular design.

A wooden vanity with a white sink and a round mirror is positioned against the wall. The vanity has a lower shelf holding various bathroom items like a soap dish, a bowl, and bottles. A patterned towel hangs on a ring to the left of the mirror. Two pendant lights with glass shades hang above the vanity.

A blue cushioned bench with a silver metal frame sits on the floor. It is topped with a stack of folded towels and a grey textured blanket. The bench is positioned near a large window.

A large window with a dark frame offers a view of a cityscape. A blue and white striped curtain is partially visible on the right side. A white bathtub is partially visible in the foreground on the right.
